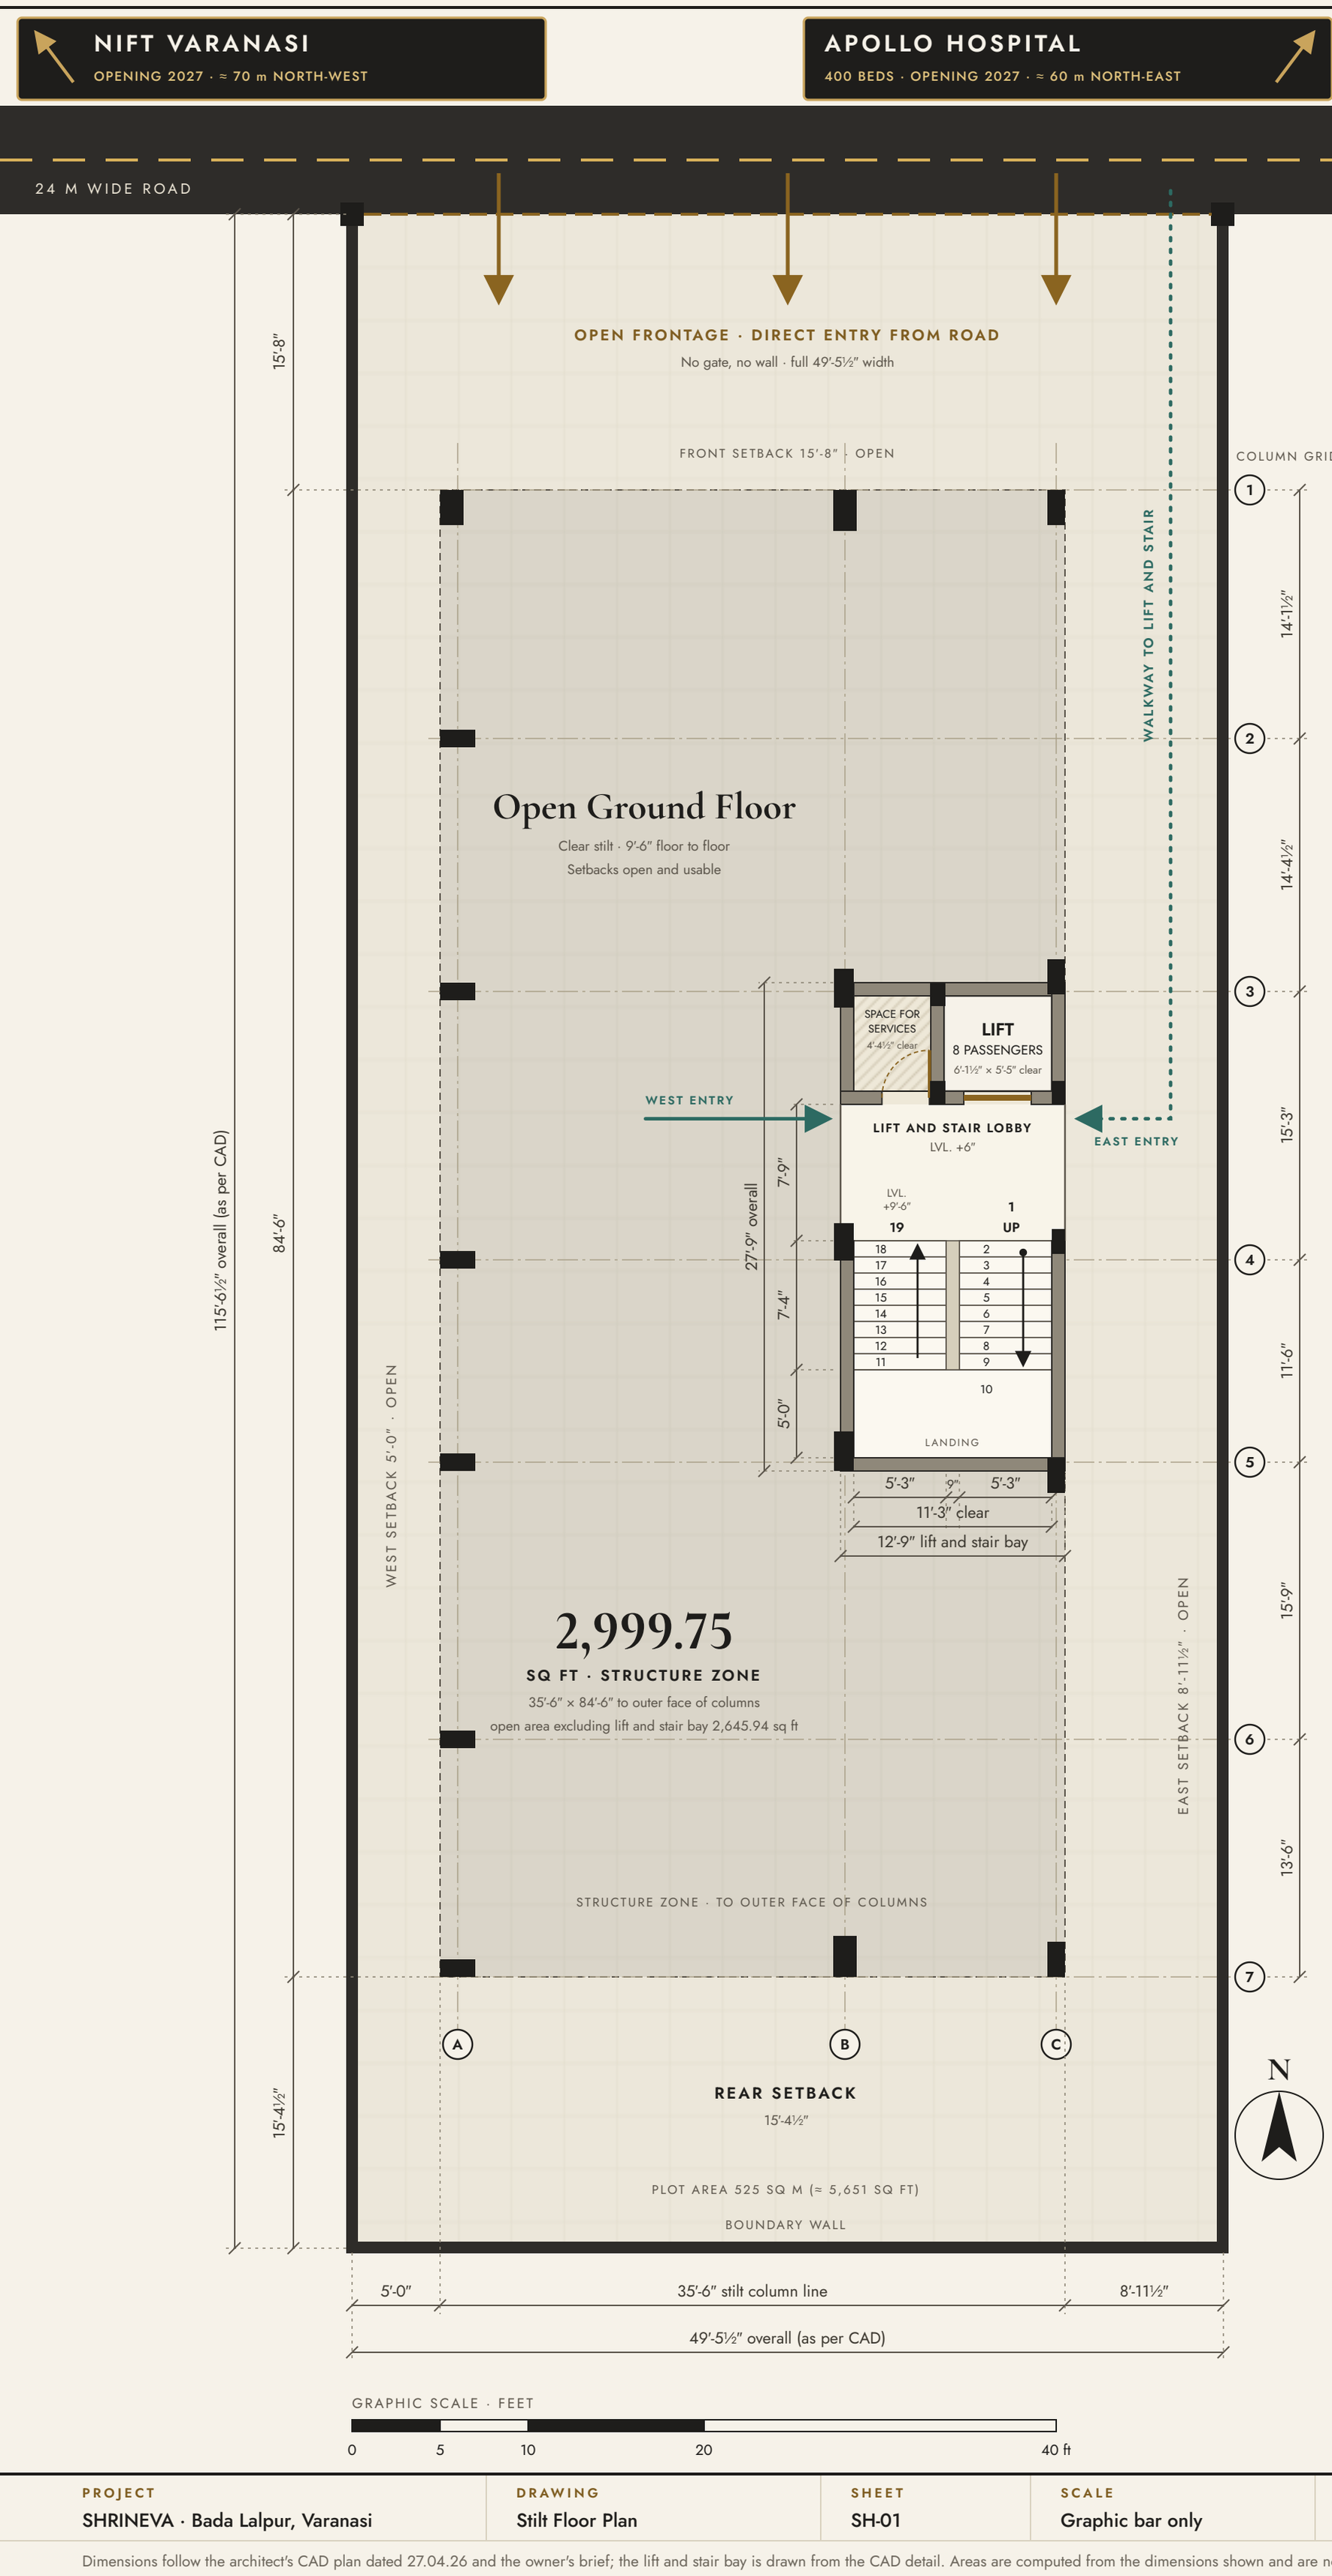

Map is a schematic illustration, not to scale; building shapes are indicative. Distances are approximate straight lines from the plot boundary to the nearest edge of each site, measured on satellite imagery (Trade Centre: nearest block, its main hall is about 470 m; Ring Road: about 0.6 km straight-line, about 1 km by road). Apollo and NIFT are under construction; opening in 2027 is the expected timeline and is subject to the institutions concerned. The Ganjari stadium distance is a rough estimate. Airport and Sarnath travel times follow the Ministry of Textiles tender for the Trade Facilitation Centre. Sources: Digital Health News (Apollo plan approval, Sept 2025); NBM&CW and Realty n More (NIFT campus); NIFT; Varanasi district administration; Khel Now (stadium, Sept 2026). Floor plans follow from page 2. Not an offer; subject to final approvals.
